APM Practitioner Qualification (APMPQ) Preparation Workshop

Duration: 2 Days **Course Code: PMPQW**

Overview:

This two-day workshop prepares delegates to achieve a professionally recognised qualification in project management at IPMA level C, the APMPQ. It provides information on pre-requisites and allows delegates to participate in activities similar to those by which they will be assessed.
The Association for Project Management (APM) is the UK's leading professional body for Project Managers and the largest independent professional body of its kind in Europe. It has over 15,000 individual and 400 corporate members throughout the UK and abroad.

Target Audience:

This course is suitable for project managers with 3+ years' experience in responsible leadership positions plus either APMP/PMP®/ISEB Cert./OU M865, or good foundation knowledge of project management supported by evidence of CPD and self-study.
The APM PQ is suitable for project managers, project coordinators and team leaders who have three to five years' experience in managing non-complex projects. It is an intermediate qualification for project management practitioners who can demonstrate an ability to manage non-complex projects or run a key control function of a large-scale project. This (IPMA Level C) qualification is for any relatively experienced professional who is looking to demonstrate their ability.

Objectives:

- Understand the philosophy and context of the PQ
- Be aware of the structure and process for assessment
- Have practised and received feedback on the skills required to achieve the qualification

Prerequisites:

- Candidates who wish to attend the APM Practitioner Qualification assessment must satisfy the following criteria:
- Passed the APMP qualification or
- Can demonstrate good familiarity with the APM Body of Knowledge (BoK) and have passed an equivalent qualification such as PMP®, ISEB Certificate in Project Management or Open University Project Management Module M865.
- Alternatively, delegates should have a good foundation knowledge of project management, supported by evidence of relevant Continuing Professional Development (CPD).

PMP is a registered mark of the Project Management Institute, Inc.
