## CCIE Routing and Switching Preparation Theory Course

**Varighed: 5 Days    Kursus Kode: CCIET**

---

### Beskrivelse:

This instructor led theory course is designed to build upon the knowledge gained from the CCNP or CCIP Certification. This course will refresh and enhance your knowledge focusing on the key areas required in preparation for the CCIE Routing and Switching Theory Exam V3.0. This latest version of the CCIET course has been revised in line with Cisco's most recently updated Lab Blueprint and now includes coverage of recently untested topics, such as MPLS and IPv6.
