MCITP: Enterprise Administrator Upgrade Bootcamp

Varighed: 5 Days   Kursus Kode: GK6114

Beskrivelse:

Get certified on a Boot Camp. If you want to prepare for the MCITP: Enterprise Administrator certification check out our MCITP: Enterprise Administrator Upgrade Live Online Exam Prep course.
This Boot Camp will prepare qualified candidates for the Server 2008 MCITP: Enterprise Administrator certification and includes preparation for the MCTS: Windows 7, Configuration certification. Qualified candidates include those who
have earned:
• MCITP: Server Administrator certification
• Server 2003 MCSE certification
• MCTS: Windows Server 2008 Network Infrastructure Configuration and
MCTS: Windows Server 2008 Active Directory Configuration
certifications.
In this intensive test-preparation program, you will practice sample questions and take simulated exams with the help of Transcender, the industry-leading test-preparation product. The Boot Camp includes all the exams necessary for certification, along with one free retake voucher for each exam if needed. A fast-paced, rapid review session before each exam covers key material, providing comprehensive exam preparation. Pre-course exercises help you prepare for the Server 2008 Applications Infrastructure exam, the first exam you'll take in class.

Målgruppe:

Systems engineers, network engineers, systems analysts, network analysts, and technical consultants who currently hold their MCITP: Server Administrator certification or MCSE on Windows Server 2003
and
want to earn their MCITP: Enterprise Administrator credential in an accelerated format.
