## MCTS SQL Server 2005 Business Intelligence Development and Maintenance e-Camp

**Duration: 1 Days**    **Course Code: E-MCTSSQLBI**

---

### Overview:

This e-Camp will prepare qualified Microsoft professionals to earn the Microsoft Certified Technology Specialist (MCTS): SQL Server 2005 Business Intelligence Development and Maintenance certification. This intensive prep program will help you get up to speed on technologies required to work with SQL Server 2005 as well as business intelligence technologies, including SQL Server Reporting Services (SSRS), SQL Server Analysis Services (SSAS), and SQL Server Integration Services (SSIS). This course features a combination of the theory and practical aspects of technologies as well as test-preparation materials for the MCTS: SQL Server 2005 Business Intelligence Development and Maintenance certification exam.

**You Will Receive In Your e-Camp:**

- Official Microsoft e-Learning course content
  - One exam voucher
  - Test preparation software from Self Test Software
  - Global Knowledge Online Reference Library
- 

### Target Audience:

This course is suitable for IT professionals who work with SQL Server 2005 and business intelligence technologies, such as Reporting Services and Analysis Services, and who are seeking certification preparation.

---

### Objectives:

- Designing and deploying a Unified Dimensional Model
  - Designing reports using Report Designer
  - Configuring roles, groups, and permissions
  - Designing and debugging SSIS packages
- 

### Prerequisites:

- Conceptual understanding of OLAP solutions
- Experience navigating the Microsoft Windows Server environment
- Experience with Windows services (starting and stopping)
- Experience creating service accounts and permissions
- Experience with Microsoft SQL Server, including:
  - SQL Server Agent
  - SQL Server query language (SELECT, UPDATE, INSERT, and DELETE)
  - SQL Server System tables
  - SQL Server accounts (users and permissions)

### Testing and Certification

- You Will Prepare For This Exam:
    - Exam 70-445: TS: Microsoft SQL Server 2005 Business Intelligence - Development and Maintenance
  - Pass The Exam To Earn This Certification:
    - MCTS: SQL Server 2005 Business Intelligence Development and Maintenance
-

## Content:

### **Exam 70-445: TS: Microsoft SQL Server 2005 Business Intelligence - Development and Maintenance:**

- SQL Server Analysis Services (SSAS) Core Concepts
- Administering SSAS
- Programming in SSAS 2005
- Working with Data Mining Solutions in SSAS
- Exploring the Features and Core Concepts of SQL Server Reporting Services (SSRS)
- Deploying and Managing Reports
- Working with Ad Hoc Reports
- Exploring SQL Server Integration Services (SSIS) Architecture and Core Concepts
- Designing and Debugging SSIS Packages
- Rich Functionality in SSIS
- Extensibility

---
