
MCITP: Server Administrator/MCSA: Windows Server 2008 Bootcamp

Duration: 5 Days **Course Code: GK6113**

Overview:

This Boot Camp will prepare Microsoft professionals for the Microsoft Certified IT Professional (MCITP): Server Administrator / Microsoft Certified Solutions Associate (MCSA): Windows Server 2008 certification. In this intensive test-preparation program, you will practice sample questions and take simulated exams using Transcender, the industry-leading IT certification-preparation product. Fast-paced, rapid review sessions cover key material, providing comprehensive exam preparation. The Boot Camp includes all the exam vouchers needed for certification, along with one free retake voucher for each exam if needed.

Microsoft recently announced new certifications with an increased focus on business-context problems and solutions using cloud-based skills. Achieving MCSA: Windows Server 2008 certification is your first step towards distinguishing yourself as having the commitment, technical expertise, and ability to design innovative solutions across multiple technologies, both on-premise and in the cloud.

Target Audience:

MCSAs on Windows Server 2003; IT professionals with at least two years of hands-on experience implementing and administering network and desktop operating systems; Systems engineers, network engineers, systems analysts, network analysts, and technical consultants who want to earn their MCITP: Server Administrator / MCSA: Windows Server 2008 credential in an accelerated format

Objectives:

- Key topics and concepts tested on the MCITP: Server Administrator / MCSA: Windows Server 2008 exams
 - Structure of the MCITP: Server Administrator / MCSA: Windows Server 2008 exams and the most effective test-taking strategies
 - How to be successful on Microsoft's new performance-based test format
 - Use the Transcender test-preparation software to reinforce learning objectives, validate current knowledge, and review the most comprehensive and realistic exam questions
 - Pinpoint your weak areas and strengthen them to ensure success on the MCITP: Server Administrator / MCSA: Windows Server 2008 exams
-

Prerequisites:

- Required: At least two years of hands-on experience administering Windows 2000 or Windows 2003
- Recommended: Configuring, Managing, and Maintaining Server 2008 R2 (M6419)
- We strongly recommend that you take our Microsoft Boot Camp Readiness test prior to registration
- Configuring, Managing, and Maintaining Server 2008 R2 (M6419)

Testing and Certification

- **You Will Prepare for These Exams:**
 - New certification candidates will take:
 - 70-640: Windows Server 2008 Active Directory, Configuring
 - 70-642: Windows Server 2008 Network Infrastructure, Configuring
 - 70-646: Windows Server 2008, Server Administrator
 - **Upon Passing the Exams You Will Earn These Certifications:**
 - MCTS: Windows Server 2008 Active Directory Configuration
 - MCTS: Windows Server 2008 Network Infrastructure Configuration
 - MCITP: Server Administrator / MCSA: Windows Server 2008
-

Follow-on-Courses:

- MCITP: Enterprise Administrator Upgrade Boot Camp
-

Content:
