

ISO 22301 Business Continuity Management System Foundation (PECB Certified) - Including Exam

Duration: 2 Days Course Code: ISO22301F

Overview:

This training course is designed to help participants understand the fundamental concepts and principles of a business continuity management system (BCMS) based on ISO 22301. By attending this training course, participants will learn more about the structure and requirements of the standard including the BCMS policy, the top management's commitment, internal audit, management review, and continual improvement process.

After attending the training course, you can sit for the exam and, if you successfully pass it, you can apply for the "PECB Certificate Holder in ISO 22301 Foundation" credential. A PECB Foundation certificate shows that you have knowledge on the fundamental concepts, principles, methodologies, requirements, framework, and management approach used in business continuity.

Target Audience:

The ISO 22301 Foundation training course is intended for:

- Managers and consultants seeking knowledge about the basic concepts and principles of business continuity
- Professionals wishing to get acquainted with ISO 22301 requirements for a BCMS
- Individuals engaged in or responsible for business continuity activities in their organizations
- Individuals wishing to pursue a career in business continuity management

Objectives:

- By the end of this training course, the participants will be able to:
 - Explain the main ISO 22301 requirements for a business continuity management system
 - Identify potential actions and approaches that organizations can use to achieve conformity to ISO 22301
- Describe the business continuity management concepts and principles

Prerequisites:

- There are no prerequisites to participate in this training course.

Testing and Certification

Examination

The "PECB Certificate Holder in ISO 22301 Foundation" exam complies with the PECB Examination and Certification Program (ECP) requirements. The exam covers the following competency domains:
