Copilot Immersion Experience

Duration: 1 Day   Course Code: M-MS4021   Delivery Method: Virtual Learning

Overview:

Discover how Microsoft 365 Copilot enhances productivity and innovation across diverse functional areas, from finance and HR to sales, operations, marketing, IT, and beyond.
This experience provides insights into crafting contextual prompts for Copilot and engaging use case scenarios that showcase seamless integration into daily business workflows. Whether you're a business user looking to streamline tasks or a decision-maker exploring AI-driven efficiencies, this course equips you with the skills to maximize Copilot's potential in your role.

Virtual Learning

This interactive training can be taken from any location, your office or home and is delivered by a trainer. This training does not have any delegates in the class with the instructor, since all delegates are virtually connected. Virtual delegates do not travel to this course, Global Knowledge will send you all the information needed before the start of the course and you can test the logins.

Target Audience:

This experience is designed for business professionals who want to enhance their daily workflows and productivity through AI. It is ideal for those seeking to understand and leverage Microsoft 365 Copilot to streamline tasks, improve decision-making, and drive impact in their roles and teams.
