EXIN Agile Scrum Foundation (ASF) Including Exam

Duration: 2 Days   Course Code: SCRUM-F   Delivery Method: Company Event

Overview:

EXIN Agile Scrum Foundation is a certification that recognises knowledge of Agile methods combined with knowledge of Scrum practice. Agile Scrum focuses on goal achievement through successful collaboration. Agile methods are popular in software development and are increasingly used in other fields of work. The Scrum way of working involves assembling a multidisciplinary team that organises itself and delivers a working product at the end of a sprint.

This Agile Scrum Foundation training gives you an insight into Agile Scrum in 2 days at Foundation level, combined with the knowledge of scrum practice. Following the Agile Scrum Foundation training, you will have the opportunity to take the EXIN-certified Agile Scrum Foundation exam.

Company Events

These events can be delivered exclusively for your company at our locations or yours, specifically for your delegates and your needs. The Company Events can be tailored or standard course deliveries.

Target Audience:

Agile Scrum Foundation is designed to test a professional's fundamental understanding of agile principles and scrum methodology. It is especially useful for those leading or participating in projects. This certification is especially interesting for professionals who work in areas including project management, software development, IT service management and business management.
