

EXIN Service Integration and Management (SIAM™) Professional – Including Exam

Duration: 3 Days Course Code: SIAMP

Overview:

Service Integration and Management (SIAM) is a methodology used to manage and seamlessly integrate multiple service providers to ensure a single business-facing IT organization. The EXIN SIAM™ Professional certification tests a candidate's knowledge and skills of the activities in the four stages of the SIAM roadmap. A candidate who successfully completes the EXIN SIAM™ Professional can analyze, plan, build and inspect a multi-service provider environment.

Scope

The EXIN SIAM™ Professional certification tests a candidate's knowledge of the application of SIAM™ to situations and the candidate's ability to further analyze the SIAM concepts in the following areas:

- The Discovery and Strategy stage
- The Plan and Build stage
- The Implement stage
- The Run and Improve stage
- SIAM practices across the stages

Target Audience:

The target group includes, but is not limited to:

- Service Managers and Practitioners
- Service Provider Portfolio Managers
- Process Managers
- Project Managers
- Change Managers
- Service Level Managers
- Business Relationship Managers
- Program Managers
- Supplier Managers
- Service Architects
- Process Architects
- Business Change Practitioners
- Organizational Change Practitioners
- SIAM consultants

Objectives:

- Establish a governance framework based on SIAM practices;
- Perform an organization assessment to better determine and establish a plan and promote improvements;
- Determine the key elements to perform a SIAM implementation;
- Design and build up a SIAM model for different environments and organizations;
- Lead a SIAM implementation;
- Select different approaches to implement SIAM;
- Use organizational change management in order to boost the SIAM implementation;
- Improve the organization's SIAM ecosystem at every stage;
- Manage and continuously improve multiple processes based on SIAM.

Prerequisites:

- SIAMF - EXIN Service Integration and Management (SIAM™) Foundation – Including Exam

Testing and Certification

The cost of the exam is included.

- Examination type: Multiple-choice questions
- Number of questions: 40
- Pass mark: 65% (26/40 questions)
