

SAP Activate Methodology

Duration: 2 Days **Course Code: ACT100** **Delivery Method: Virtual Learning**

Overview:

ACT100 is designed to give participants an introduction to the implementation framework of SAP Activate. The course discusses the methodology component of SAP Activate in detail, including key deliverables in the context of different project journeys from cloud-based models, RISE with SAP and possible transition paths. Participants will also receive an introduction into SAP Cloud ALM and learn about the role of SAP Signavio in transformation projects.

Virtual Learning

This interactive training can be taken from any location, your office or home and is delivered by a trainer. This training does not have any delegates in the class with the instructor, since all delegates are virtually connected. Virtual delegates do not travel to this course, Global Knowledge will send you all the information needed before the start of the course and you can test the logins.
