

SAP S/4HANA Conversion and SAP System

Duration: 5 Days Course Code: ADM328 Delivery Method: Virtual Learning

Overview:

The goal of this course is the preparing and performing of an SAP S/4HANA conversion of an SAP ECC system from a system administrator point of view. The course is also suitable for upgrades of SAP S/4HANA Server systems, SAP ECC systems, SAP BW systems, and other AS ABAP based SAP systems.

The procedure performed in this course contains typical error situations and also modification adjustments (SPDD and SPAU).

Virtual Learning

This interactive training can be taken from any location, your office or home and is delivered by a trainer. This training does not have any delegates in the class with the instructor, since all delegates are virtually connected. Virtual delegates do not travel to this course, Global Knowledge will send you all the information needed before the start of the course and you can test the logins.
