
FCP FortiAnalyzer Administrator

Duration: 1 Day Course Code: ENFCPAD Delivery Method: Company Event

Overview:

English - Please note this course is only available in English.

Nederlands - Let op: deze training is alleen in het Engels beschikbaar.

Franais - Veuillez noter que ce cours est uniquement disponible en anglais. In this course, you will learn how to deploy, configure, and secure FortiAnalyzer. You will also learn how to register and manage devices with FortiAnalyzer. Finally, you will explore the fundamentals of the logging and reporting management capabilities included on FortiAnalyzer. These skills will provide you with a solid foundation for becoming a professional FortiAnalyzer administrator.

Company Events

These events can be delivered exclusively for your company at our locations or yours, specifically for your delegates and your needs. The Company Events can be tailored or standard course deliveries.
