

FCP FortiAnalyzer Administrator

Duration: 1 Day Course Code: ENFCPAD Delivery Method: Virtual Learning

Overview:

English - Please note this course is only available in English.

Nederlands - Let op: deze training is alleen in het Engels beschikbaar.

Franais - Veuillez noter que ce cours est uniquement disponible en anglais. In this course, you will learn how to deploy, configure, and secure FortiAnalyzer. You will also learn how to register and manage devices with FortiAnalyzer. Finally, you will explore the fundamentals of the logging and reporting management capabilities included on FortiAnalyzer. These skills will provide you with a solid foundation for becoming a professional FortiAnalyzer administrator.

Virtual Learning

This interactive training can be taken from any location, your office or home and is delivered by a trainer. This training does not have any delegates in the class with the instructor, since all delegates are virtually connected. Virtual delegates do not travel to this course, Global Knowledge will send you all the information needed before the start of the course and you can test the logins.
