

Production Integration with SAP EWM

Duration: 2 Days **Course Code: EWM130** **Delivery Method: Company Event**

Overview:

This course focuses on the integration aspects of SAP EWM with production processes in SAP ERP, including mandatory master data settings, and processing of component staging and consumption.

This course also includes information about the differences between de- centralized EWM and S/4HANA embedded EWM.

Company Events

These events can be delivered exclusively for your company at our locations or yours, specifically for your delegates and your needs. The Company Events can be tailored or standard course deliveries.

Target Audience:
