

Active Leadership

Duration: 3 Days **Course Code: GALEC100**

Overview:

Intense competition coupled with flattened hierarchies, multi-dimensional teams and a diverse working environment characterize today's business climate. This reality requires a repertoire of leadership practices and skills for anyone responsible for getting results with and through others. Recent studies confirm the leader is the prime factor for creating a productive work environment and contributing to higher employee retention.

The Active Leadership program provides the concepts and the practices of Leadership in a high-impact learning-environment to help leaders effectively coach, empower and lead individuals and teams to higher levels of performance.

Target Audience:

Anyone with direct reports, or charged with coordinating resources for projects or assignments.

Objectives:

- After the workshop, you will be able to:
- Assess personal leadership behaviours and attitudes that impact the performance of others
- Plan and deliver clear, concise communication to direct, guide and engage employees
- Understand what people need in order to change a behaviour or practice
- Determine how ability and motivation impact performance and outcomes, regardless of the task
- Explore three different leadership styles and when they should be used to maximize the performance of others
- Match the appropriate leadership style to individuals and specific tasks
- Explore how the foundational principles of coaching impact coaching results
- Differentiate between “coaching for job” versus “coaching for career”
- Provide behavioural feedback that recognizes and rewards employee performance
- Use a consistent approach to providing feedback that reinforces desired behaviours and helps achieve performance improvements
- Assess performance gaps and improve task performance
- Coach, reinforce and create a motivational climate for employee growth and retention
- Create a personal development plan based on assessed leadership strengths and development needs
