
Exam Readiness: AWS Certified Solutions Architect – Professional

Duration: 1 Days Course Code: GK7390

Overview:

The AWS Certified Solutions Architect – Professional exam validates advanced technical skills and experience in designing distributed applications and systems on the AWS platform. Customers with an AWS Certified Solutions Architect associate level certification and two or more years of hands-on experience designing and deploying cloud architecture on AWS should join this advanced full-day workshop to learn how to prepare and succeed in the exam. We will help you prepare for the exam by exploring the exam's topic areas, how they map to architecting on AWS and mapping them to specific areas to study. We will review sample exam questions in each topic area, teaching you how to interpret the concepts being tested so that you can better eliminate incorrect responses. Customers will also receive a voucher to take an additional online practice exam at no cost.

Target Audience:

Solutions Architects who are preparing to take the AWS Certified Solutions Architect – Professional exam
