

SAP Intelligent Enterprise - Architecture Foundation

Duration: 5 Days **Course Code: IEA10** **Delivery Method: Virtual Learning**

Overview:

This course provides you with the relevant insights and practice on what the SAP Enterprise Architecture Framework is about, how it is applied and how you can leverage it to accelerate your architecture engagements. You will learn and apply the skills and methodology to define a company-specific roadmap towards an Intelligent Enterprise while taking the business strategy and priorities into account.

Virtual Learning

This interactive training can be taken from any location, your office or home and is delivered by a trainer. This training does not have any delegates in the class with the instructor, since all delegates are virtually connected. Virtual delegates do not travel to this course, Global Knowledge will send you all the information needed before the start of the course and you can test the logins.
