

ISO/IEC 27002 Information Security Controls Foundation (PECB Certified) - Including Exam

Duration: 2 Days Course Code: ISO27002F

Overview:

ISO/IEC 27002 Foundation training course provides information on the fundamental concepts of information security, cybersecurity and privacy based on ISO/IEC 27002. ISO/IEC 27002 Foundation training course enables participants to learn the basic concepts related to the implementation and management of information security controls based on the guidelines of ISO/IEC 27002. Through this training course, participants will be able to identify the information security controls of ISO/IEC 27002 that are categorized into four themes: organizational, people, physical, and technological. The training course also provides information on how ISO/IEC 27002 is related with other standards, such as ISO/IEC 27001 and ISO/IEC 27003. The training course is followed by an exam. If you pass, you can apply for the "PECB Certificate Holder in ISO/IEC 27002 Foundation" certificate. This certificate demonstrates that you have a general knowledge of ISO/IEC 27002 information security controls.

Target Audience:

This training course is intended for:

- Managers and consultants seeking to know more about information security controls of ISO/IEC 27002
- Professionals engaged in or responsible for information security management
