

ISO/IEC 27002 Foundation (PECB certified) + exam

Duration: 2 Days Course Code: ISO27002F Version: 2.0

Overview:

ISO/IEC 27002 Foundation training enables you to learn the basic elements to implement Information Security Controls as specified in [ISO/IEC 27002](#). During this training course, you will be able to understand how ISO/IEC 27001 and ISO/IEC 27002 are related to ISO/IEC 27003 (Guidelines for the implementation of ISMS), ISO/IEC 27004 (Measurement of Information Security) and ISO/IEC 27005 (Risk Management in Information Security).

After completing this course, you can sit for the exam and apply for the “PECB Certificate Holder in ISO/IEC 27002 Foundation” certificate. A PECB Foundation Certificate shows that you have understood the fundamental methodologies and management approach.

Target Audience:

Individuals interested in Information Security Management and Information Security Controls
Individuals seeking to gain knowledge about the main processes of an Information Security Management System and Information Security Controls
Individuals interested to pursue a career in Information Security Management

Objectives:

- Understand the implementation of Information Security Controls in accordance with ISO/IEC 27002
- Understand the approaches, methods and techniques used for the implementation of Information Security Controls
- Acknowledge the correlation between ISO/IEC 27001, ISO/IEC 27002 and other standards and regulatory frameworks

Prerequisites:

■
