ISO/IEC 27701 Privacy Information Management System Lead Implementer (PECB Certified) - Including Exam

Duration: 4 Days   Course Code: ISO27701LI   Delivery Method: Virtual Learning

Overview:

The ISO/IEC 27701 Lead Implementer training course equips professionals with the expertise to assist organizations in establishing, implementing, and continually improving a privacy information management system (PIMS) based on ISO/IEC 27701.
Having a PIMS ensures the protection of privacy for individuals whose personally identifiable information (PII) is processed. Given that most organizations process PII, implementing a robust PIMS is critical to ensuring effective privacy protection.
This training course is designed to prepare participants to establish and maintain a PIMS in alignment with the requirements and guidance of ISO/IEC 27701. It covers key topics such as understanding the organizational context, ensuring leadership and commitment, conducting privacy risk assessment and treatment, managing communication and awareness, and maintaining documented information. The course also explains how to monitor, measure, and continually improve the PIMS. Most importantly, it provides practical guidance on implementing privacy objectives and controls specific to PII processors and PII controllers.
After mastering the implementation and management of a PIMS, individuals can sit for the exam and apply for the "PECB Certified ISO/IEC 27701 Lead Implementer" credential. The internationally recognized PECB Lead Implementer certificate demonstrates the practical knowledge and professional capabilities required to implement the ISO/IEC 27701 requirements in an organization.

Virtual Learning

This interactive training can be taken from any location, your office or home and is delivered by a trainer. This training does not have any delegates in the class with the instructor, since all delegates are virtually connected. Virtual delegates do not travel to this course, Global Knowledge will send you all the information needed before the start of the course and you can test the logins.

Target Audience:

This training course is intended for:
- Managers and consultants involved in privacy and data management
- Expert advisors seeking to master the implementation of a PIMS within organizations
- Individuals responsible for maintaining conformance with data privacy requirements
- PIMS project implementation team members

Objectives:

- By the end of this training course, participants will be able to:

- Explain the fundamental concepts and principles of a privacy information management system (PIMS) based on ISO/IEC 27701

- Interpret the ISO/IEC 27701 requirements for a PIMS from the perspective of an implementer

- Initiate and plan the implementation of a PIMS based on ISO/IEC 27701 by utilizing PECB's IMS2 Methodology and other best practices

- Apply best practices to support the ongoing effectiveness and improvement of the PIMS based on ISO/IEC 27701

- Interpret the requirements for an ISO/IEC 27701 certification audit

Prerequisites:

- A fundamental understanding of information privacy is required to attend this training course.
- ISO27701LI - ISO/IEC 27701 Privacy Information Management System Lead Implementer (PECB Certified) - Including Exam

Testing and Certification

The "PECB ISO/IEC 27701 Lead Implementer" exam fully meets the PECB Examination and Certification Program (ECP) requirements. It covers the following competency domains:

- **Domain 1:** Fundamental principles and concepts of a privacy information management system
- **Domain 2:** Initiation of the PIMS implementation
- **Domain 3:** Planning a PIMS implementation based on ISO/IEC 27701
- **Domain 4:** Implementation of a PIMS based on ISO/IC 27701
- **Domain 5:** Monitoring and measurement of a PIMS based on

ISO/IEC 27701
- **Domain 6:** Continual improvement of a PIMS based on ISO/IEC 27701
- **Domain 7:** Preparing for a PIMS certification audit

After passing the exam, you can apply for one of the credentials in the table below. You will receive a certificate once you fulfill all the requirements of the selected credential.

The certification requirements for **ISO/IEC 27701 Lead Implementer** are as follows:

ISO/IEC 27701 Provisional Implementer

- Exam: PECB ISO/IEC 27701 Lead Implementer exam
- Professional experience: None
- PIMS project experience: None
- Other requirements: Signing the PECB Code of Ethics

ISO/IEC 27701 Implementer

- Exam: PECB ISO/IEC 27701 Lead Implementer exam
- Professional experience: 2 years (1 year in privacy management)
- PIMS project experience: At least 200 hours
- Other requirements: Signing the PECB Code of Ethics

ISO/IEC 27701 Lead Implementer

- Exam: PECB ISO/IEC 27701 Lead Implementer exam
- Professional experience: 5 years (2 years in privacy management)
- PIMS project experience: At least 300 hours
- Other requirements: Signing the PECB Code of Ethics

ISO/IEC 27701 Senior Lead Implementer

- Exam: PECB ISO/IEC 27701 Lead Implementer exam
- Professional experience: 10 years (7 years in privacy management)
- PIMS project experience: At least 1,000 hours
- Other requirements: Signing the PECB Code of Ethics

Follow-on-Courses:

- ISO27701LA - ISO/IEC 27701 Privacy Information Management System Lead Auditor (PECB Certified) - Including Exam

---

Content:

Day 1: Introduction to ISO/IEC 27701 and initiation of a PIMS implementation

Day 2: Implementation plan of a PIMS

Day 3: Implementation of a PIMS

Day 4: PIMS monitoring, continual improvement, and preparation for the certification audit

---

Additional Information:

Educational Approach
- This training course is based on both theory and best practices used in the implementation of PIMS.
- Participants are strongly encouraged to interact with one another, exchange ideas, and actively participate in discussions.
- The quiz structure within the course closely mirrors that of the certification exam, ensuring participants are well-prepared for the exam.
General Information
- Certification and examination fees are included in the price of the training course.
- Participants will receive more than 450 pages of comprehensive training materials, including practical examples, exercises, and quizzes.
- Participants who have attended the training course will receive an attestation of course completion worth 31 CPD (Continuing Professional Development) credits.
- Candidates who have completed the training course with one of our partners and failed the first exam attempt are eligible to retake the exam for free within a 12-month period from the course completion date, because the fee paid for the training course includes a first exam attempt and one retake. Otherwise, retake fees apply.
