

ITIL® (Version 5) Foundation Bridge – Including Exam

Duration: 1 Day **Course Code: ITIL5F-B**

Overview:

This course is designed to bring you up to speed on the enhancements added in the ITIL® (Version 5) Foundation, assuming you have experience/certification in the previous ITIL® 4. This is also a chance to upgrade your current certification to the new Version 5 in only 1 day.

Updated 6/10/2026

Target Audience:

ITIL® 4 certification holders, at any level, who want a quick and easy way to understand the key enhancements in ITIL® (Version 5) Foundation.

Objectives:

- **After you complete this course you will be able to:**
- Define digital product and service management concepts
- Explain value and value co-creation principles
- Distinguish outputs from outcomes
- Describe service offerings and interactions
- Identify key roles in service relationships
- Understand the ITIL® Four Dimensions
- Describe the ITIL® Product and Service Lifecycle
- Recognise governance, AI and continual improvement principles

Prerequisites:

You can attend this course if you have:

- Any ITIL® 4 certificate (excluding Cloud / Sustainability).
- ILFN4 - ITIL® 4 Foundation - Including Exam

Testing and Certification

Recommended preparation for exam(s):

- ITIL® 5 Foundation Certificate in IT Service Management (Bridge Exam)
The examination is 30 minutes, closed book, multiple choice paper taken after completion of the course - exam vouchers are provided with this course. This is a shorter exam as it only focuses on the changes between Version 4-5. The voucher will have a validity of 12 months. You will need to schedule your exams within this time frame. Cost of the exam is included in the course fee

Follow-on-Courses:

The following courses are recommended for further study:

- ITIL® (Version 5) Advanced Levels

Content:

- Introduction to ITIL® 5
- Overview of ITIL evolution from earlier versions to ITIL® 5
