

## Ivanti Identity Automation

**Duration: 3 Days**    **Course Code: IVIA**

### Overview:

This 3-day Ivanti Automation training provides you with comprehensive training on the installation, set up and use of Ivanti Automation, from planning your environment to task automation and resource provisioning. You will learn the components of Ivanti Automation ((formerly known as RES ONE Automation) and how to create Modules, Projects and Run Books.

### Target Audience:

The Ivanti Automation Course is a three-day course, intended for administrators who want to learn how they can automate and schedule various administrative functions to aid in IT management.

### Objectives:

- After completing this Ivanti Automation course, you will be able to:
- Install the components of Ivanti Automation
- Manage your Ivanti Automation environment
- Configure Modules, Projects and Run Books and provision Resources
- Schedule Jobs
- Streamline the process of administration and integration

### Prerequisites:

Basic knowledge of Microsoft Windows operating systems.

### Testing and Certification

This course is a good preparation for the Certified Automation Administrator exam.

The Certified Automation Administrator exam is targeted at Management Professionals responsible for administering Ivanti Automation. It validates your ability to build, configure, and maintain components of the Automation solution.

You need to earn 80% or more in order to certify.

The exam consists of 60 questions that must be completed in 70 minutes. The questions are based off content taught in the Ivanti Automation training.

### Content:

#### Task Automation and Resource Provisioning

- Module
- Projects

#### Run Books

- Advanced: parameters, functions, conditions, evaluators, variables and Snapshot Intelligence, Ivanti Automation Agent for Linux
- Administration and Integration

---
