

Implement customer service solutions using Microsoft Dynamics 365 Customer Service (MB-230T01)

Duration: 4 Days Course Code: M-MB230 Delivery Method: Virtual Learning

Overview:

Learn how to use Microsoft Dynamics 365 to impact your customers.

Microsoft Dynamics 365 Customer Service offers any organization an opportunity for customer success. Using tools such as automatic case creation and queue management frees up your time to dedicate it where you can have a greater impact, directly with your customers. Join our team of globally recognized experts as they take you step by step from creating cases to interacting with customers to resolving those cases. Once you've resolved those cases you can learn from data analysis the key details to help you resolve similar cases faster or avoid new issues altogether.

Virtual Learning

This interactive training can be taken from any location, your office or home and is delivered by a trainer. This training does not have any delegates in the class with the instructor, since all delegates are virtually connected. Virtual delegates do not travel to this course, Global Knowledge will send you all the information needed before the start of the course and you can test the logins.

Target Audience:

A Dynamics 365 Customer Engagement Functional Consultant is responsible for performing discovery, capturing requirements, engaging subject matter experts and stakeholders, translating requirements, and configuring the solution and applications. The Functional Consultant implements a solution using out of the box capabilities, codeless extensibility, application and service integrations.
