

PRINCE2 Agile® Foundation - Including Exam

Duration: 2 Days **Course Code: P2AF** **Delivery Method: Company Event**

Overview:

To complement the PeopleCert PRINCE2 Agile® Practitioner qualification, the Introduction of the PRINCE2 Agile® Foundation certification reinforces PRINCE2 Agile®'s unrivalled reputation as the world's most complete agile project management method; combining the benefits of agile ways of working, with the governance and structure of the PRINCE2® method. The introduction of PRINCE2 Agile® Foundation will enable everyone to benefit from guidance on delivering, managing or working within agile projects and project teams, without the need for any prior knowledge of PRINCE2®. This 3-day course determines how to use PRINCE2® with Agile ways of working as a foundation certification course.

Company Events

These events can be delivered exclusively for your company at our locations or yours, specifically for your delegates and your needs. The Company Events can be tailored or standard course deliveries.

Target Audience:

This course is aimed at candidates who are new to PRINCE2® and are working in or around an agile project environment. The course covers an overview of PRINCE2®, an introduction to agile, and how to apply the two together.

PRINCE2 Agile® has been developed for anyone who delivers projects, large or small, in an agile context. It is a valuable training and certification scheme for anyone working within an agile project environment, whether they be a project manager, project support or part of the wider project team.

PRINCE2 Agile® equips practitioners and organizations with the ability to deliver agile projects by tailoring the PRINCE2® project management method with a broad toolset of agile delivery techniques and frameworks. In this way, practitioners will leverage the benefits of agile ways of working such as iterative and incremental delivery while maintaining a structure of project governance.

Objectives:

- **After you complete this course you will be able to:**
- Prepare for the PRINCE2 Agile® Foundation Exam
- Understand the key aspects of PRINCE2®
- Understand basic concepts behind common agile ways of working
- Demonstrate the purpose of combining PRINCE2® with agile
- Be able to fix and flex the six aspects of a project in an agile context
- Apply the PRINCE2® principles and tailor the themes, processes and management products to a project in an agile context
- Incorporate the areas that can support a PRINCE2 Agile® implementation

Prerequisites:

Attendees should meet the following prerequisites:

- There are no prerequisites for this certification.
