Introduction to SAP S/4HANA

Duration: 2 Days   **Course Code: S4H01**   **Delivery Method: Company Event**

Overview:

This course provides knowledge relevant for learners who are familiar with the SAP Business Suite/SAP ERP and want to up-skill to SAP S/4HANA.

It is the recommended entry point to the SAP S/4HANA curriculum to understand the basics that are required to know before continuing the learning path to specific areas of interest.

This course covers a broad range of topics including the motivation for the development of SAP S/4HANA, the new user experience, embedded analytics, underlying SAP HANA technology, and business solution coverage.
NB: This course is the recommended entry point to the SAP S/4HANA curriculum for SAP Business Suite professionals/learners with SAP Business Suite/ERP background. For learners without previous SAP experience, the S4H00 "SAP S/4HANA Overview" course is recommended.
