

## Introduction to SAP S/4HANA

**Duration: 2 Days**    **Course Code: S4H01**    **Delivery Method: Virtual Learning**

### Overview:

This course provides knowledge relevant for learners who are familiar with the SAP Business Suite/SAP ERP and want to up-skill to SAP S/4HANA.

It is the recommended entry point to the SAP S/4HANA curriculum to understand the basics that are required to know before continuing the learning path to specific areas of interest.

This course covers a broad range of topics including the motivation for the development of SAP S/4HANA, the new user experience, embedded analytics, underlying SAP HANA technology, and business solution coverage.

NB: This course is the recommended entry point to the SAP S/4HANA curriculum for SAP Business Suite professionals/learners with SAP Business Suite/ERP background. For learners without previous SAP experience, the S4H00 "SAP S/4HANA Overview" course is recommended.

*Upd Sept2025*

### Virtual Learning

This interactive training can be taken from any location, your office or home and is delivered by a trainer. This training does not have any delegates in the class with the instructor, since all delegates are virtually connected. Virtual delegates do not travel to this course, Global Knowledge will send you all the information needed before the start of the course and you can test the logins.

### Target Audience:
