Virtueel en Klassikaal™

Virtueel en Klassikaal™ is een eenvoudig leerconcept en biedt een flexibele oplossing voor het volgen van een klassikale training. Met Virtueel en Klassikaal™ kunt u zelf beslissen of u een klassikale training virtueel (vanuit huis of kantoor) of fysiek op locatie wilt volgen. De keuze is aan u! Cursisten die virtueel deelnemen aan de training ontvangen voor aanvang van de training alle benodigde informatie om de training te kunnen volgen.

Target Audience:

The ServiceNow® Customer Service Management Fundamentals course is for Customers, Partners, and Employees who administer features, functions, and data associated with Customer Service Management. An attendee is a good fit for this course if they perform or advise on any of the following roles or job responsibilities: Customer Service Manager Customer Service Application Administrator ServiceNow System Administrator Technical Consultants and Administrators – who will be configuring, developing or supporting the CSM applications

Objectives:

- Through a combination of lecture, group discussions, lab work, and simulated environment, participants explore the core concepts and features of ServiceNow Customer Service Management (CSM) application and perform Administrative functions in their own instance.
- Course Flow
- During this two-day, interactive training course, students access the ServiceNow platform in their own student instance, which is a <safe sandbox loaded with demo and test data.
- The class uses a fictitious company and different personas throughout course to present real world scenarios with relevant demonstrations and lab exercises. The class features lecture and group discussions, as well as extensive hands-on practice and reinforcement delivered in a variety of labs and simulated environment.
