

jQuery Web Development

Duration: 2 Days **Course Code: JQWD** **Delivery Method: Company Event**

Overview:

jQuery Web Development Course Overview

This jQuery Web Development course is designed to provide web developers with the skills needed to utilise jQuery in web applications. Delegates will use the effects, animations, plug-ins and tools provided by the jQuery library to create rich client interfaces. Using a hands-on workshop approach, delegates gain practical experience in using some of the more advanced features and tools available to the web developer. Exercises and examples are used throughout the course to give practical hands-on experience with the techniques covered.

Company Events

These events can be delivered exclusively for your company at our locations or yours, specifically for your delegates and your needs. The Company Events can be tailored or standard course deliveries.

Target Audience:

Who will the Course Benefit?

This jQuery Web Development course is aimed at either novice or experienced web developers that are looking to include the jQuery tools in their projects.

Objectives:

- Course Objectives
 - By the end of the course delegates should be able to:
 - Implement jQuery in a Website
 - Add Dynamic Page Content
 - Implement jQuery animations
 - Understand jQuery DOM manipulation
 - Understand the jQuery UI Library
 - Use jQuery Plugins
-

Prerequisites:

- Delegates who wish to attend this jQuery Web Development course should have experience with HTML and CSS selectors, as well as some knowledge of JavaScript or a similar language. This can be obtained by attendance on the pre-requisite courses.
-

Follow-on-Courses:

Further Learning

- Developing Applications with Java EE
 - PHP Developer
-

Content:

jQuery Web Development Training Course Course Contents - DAY 1
