

TOGAF® EA Training - Combined Foundation and Practitioner

Duration: 4 Days **Course Code: T-TEAC** **Version: 10th Edition** **Delivery Method: Virtual Learning**

Overview:

This TOGAF® EA Training – Foundation & Practitioner Combined Course is based on the latest version of TOGAF and will help you to prepare to take The Open Group's Combined Part 1/2 examination leading to the TOGAF® Enterprise Architecture Practitioner qualification. The TOGAF® Enterprise Architecture Practitioner certification provides validation that an individual has the knowledge, comprehension, and ability to analyze and apply the TOGAF® Standard to develop, sustain, and use an Enterprise Architecture. This course introduces all of the topics defined as the Learning Outcomes upon which the TOGAF® Enterprise Architecture Practitioner Examination is based, but Candidates should be aware additional study outside of class is highly recommended to pass the exam.

This TOGAF® EA Training Combined Foundation & Practitioner course is accredited by The Open Group. Individuals who are TOGAF 9 Certified who wish to update their qualifications as part of their professional development, and demonstrate their ability to apply Enterprise Architecture should consider our TOGAF® EA Training Bridge Course.

TOGAF® is a registered trademark of The Open Group.

Exam vouchers are included in the price of this course.

Virtual Learning

This interactive training can be taken from any location, your office or home and is delivered by a trainer. This training does not have any delegates in the class with the instructor, since all delegates are virtually connected. Virtual delegates do not travel to this course, Global Knowledge will send you all the information needed before the start of the course and you can test the logins.
