

## SAP Fiori System Administration

**Duration: 3 Days**    **Course Code: UX200**    **Delivery Method: Company Event**

---

### Overview:

This course is designed to give participants a detailed look at the administration tasks and activities necessary to support the SAP Fiori solution. Participants will learn how to install, configure and customize the Fiori landscape, as well as how to configure ancillary systems in the total solution (e.g. System Configuration, Trusted RFC, Gateway/System Aliases, FLP and App-specific services). Finally, learner will explore how to deploy, manage, and monitor SAP Fiori standard and customized applications.

#### Company Events

These events can be delivered exclusively for your company at our locations or yours, specifically for your delegates and your needs. The Company Events can be tailored or standard course deliveries.
