Cybersecurity Maturity Model Certification (CMMC) Foundations (PECB Certified) - Including Exam

Duration: 2 Days **Course Code: CMMC-F** **Delivery Method: Virtual Learning**

Overview:

The PECB CMMC Foundations training course enables participants to understand the fundamental concepts, definitions, and approaches of the CMMC model.
The PECB CMMC Foundations training course allows you to learn more about the structure of the CMMC model, including CMMC levels, domains, and practices. You will also gain basic knowledge related to the CMMC ecosystem, the CMMC assessment process, and the CMMC Code of Professional Conduct.
The successful completion of the training course is followed by an exam. A PECB CMMC Foundations certificate demonstrates that you comprehend the CMMC model, are able to identify the requirements for CMMC levels, and have the basic knowledge to help an organization in implementing the CMMC requirements.

Virtual Learning

This interactive training can be taken from any location, your office or home and is delivered by a trainer. This training does not have any delegates in the class with the instructor, since all delegates are virtually connected. Virtual delegates do not travel to this course, Global Knowledge will send you all the information needed before the start of the course and you can test the logins.

Target Audience:

This training course is intended for:
- Individuals interested in being part of the CMMC ecosystem
- Individuals seeking to gain knowledge about the CMMC model
- Individuals interested in using the CMMC model
- Suppliers of the Department of Defense (DoD) and Defense Industrial Base (DIB) and other organizations seeking CMMC certification

Objectives:

- This training course allows you to:
- Describe the basic concepts, definitions, and approaches of the CMMC model
- Get acquainted with the CMMC levels, domains, and practices
- Explain how CMMC model could be applied in the supply chain of the Department of Defense (DoD) and the Defense Industrial Base (DIB) sector

Prerequisites:

- There are no prerequisites to participate in this training course.

Content:

Day 1: Introduction to the CMMC ecosystem and the CMMC model

Day 2: CMMC practices, assessment process, and code of professional conduct

Additional Information:

This training course is participant centered and:
- Contains lecture sessions illustrated with graphics, examples, and discussions
- Encourages interaction between participants by means of questions, suggestions, quizzes, etc.
- Includes quizzes which are a simulation of the questions of the final exam
