Manage and extend Microsoft 365 Copilot (MS-4017)

Duration: 1 Day **Course Code: M-MS4017**

Overview:

This course examines how administrators can manage and extend Microsoft 365 Copilot to meet their business needs. The course introduces you to Copilot, examines how to implement and administer it, and then explores the fundamentals of Copilot extensibility.
This course has been created by Microsoft as a "Bring Your Own Environment" course, allowing individuals to use their personal devices and settings. If a student wants to complete the hands-on activities, the individual must bring their own CoPilot environment. Otherwise, demonstrations and lectures will be conducted by the instructor

Target Audience:

This course is designed for administrators, Microsoft 365 administrators, and IT professionals who are interested in learning how to manage and extend Microsoft 365 Copilot.

Content:

1- Prepare your organization for Microsoft 365 Copilot

- Students should have basic functional experience with Microsoft 365 services.
