BRMS for IBM i, including Cloud Storage Solutions for i

Varighed: 5 Days   Kursus Kode: AS28G

Beskrivelse:

Backup and recovery knowing how to do it is not optional! Learn once and never forget how to use BRMS to do regular and ad-hoc backups, recovery, and offsite tape backups.

Målgruppe:

iSeries Operations staff who are responsible for the configuration and management of iSeries Backup and Recovery, especially those implementing BRMS/400.

Agenda:

- On completion, you will be able to :

- Setup BRMS to do both regular and ad-hoc backups.

-

- Recover the entire system (or parts thereof).

-

- Use BRMS Media Management to move tape volumes to offsite locations.

-

- Run Daily Maintenance routines and to manage an IBM Automated Tape Library.

Forudsætninger:

Students must be familiar with standard OS/400 Save/Restore facilities and have attended the courses AS24 and OL51 or have equivalent education and experience.
