

## EC-Council Certified Secure Computer User (C|CSU) + Exam voucher

Varighed: 2 Days    Kursus Kode: CSCU    Leveringsmetode: Virtuel deltagelse

---

### Beskrivelse:

The purpose of the CSCU training program is to provide individuals with the necessary knowledge and skills to protect their information assets. This class will immerse students into an interactive environment where they will acquire a fundamental understanding of various computer and network security threats such as identity theft, credit card fraud, online banking phishing scams, virus and backdoors, emails hoaxes, sex offenders lurking online, loss of confidential information, hacking attacks and social engineering. More importantly, the skills learned from the class helps students take the necessary steps to mitigate their security exposure.

This course prepares an individual to sit for CSCU exam 112-12 This certification is an excellent complement to educational offerings in the domain of security and networking.

#### Virtuel deltagelse

Et V&C Select kursus indholder nøjagtig det samme som et almindeligt kursus. Før kursusstart modtager man kursusmaterialet. Dernæst logger man på kurset via internettet og ser via sin pc den selvsamme præsentation som de øvrige deltagere, man kommunikerer via chat med underviseren og de øvrige deltagere på kurset. Denne uddannelsesmodel er både tids-og omkostningsbesparende og kan være et oplagt alternativ til almindelig klasseundervisning, hvis man f.eks. har et begrænset rejsebudget.

---

### Målgruppe:

This course is specifically designed for today's computer users who use the internet extensively to work, study and play.  
Course Duration: 16 Hours

---

### Agenda:

- Educational institutions can provide greater value to students by providing them not only with one of the most updated courses available today, but also a certification that empowers students in the corporate world.
- 

### Test og certificering
