## Red Hat Certified Specialist in Enterprise Application Server Administration Exam

**Varighed: 1 Day    Kursus Kode: EX248    Leveringsmetode: Virtuel deltagelse**

---

### Beskrivelse:

The JBCAA Exam (EX248) is a performance-based exam that tests your knowledge and skills to install, configure, monitor, manage, and deploy applications to [JBoss® Enterprise Application Platform](#). JBCAA certification is for system administrators or application developers whose responsibilities include the deployment, implementation, and management of JBoss Enterprise Application Platform and its applications.

### Virtuel deltagelse

Et V&C Select kursus indholder nøjagtig det samme som et almindeligt kursus. Før kursusstart modtager man kursusmaterialet. Dernæst logger man på kurset via internettet og ser via sin pc den selvsamme præsentation som de øvrige deltagere, man kommunikerer via chat med underviseren og de øvrige deltagere på kurset. Denne uddannelsesmodel er både tids-og omkostningsbesparende og kan være et oplagt alternativ til almindelig klasseundervisning, hvis man f.eks. har et begrænset rejsebudget.

---

### Målgruppe:

IT professionals who want to earn a credential that shows they have the skills and knowledge needed to install, configure, monitor, manage, and deploy applications to JBoss Enterprise Application Platform:

Application server systems administrators

Application administrators

Application developers

Deployment managers
