

Effective Time Management

Varighed: 1 Day Kursus Kode: GK2948 Leveringsmetode: Virtuel deltagelse

Beskrivelse:

Project Managers are asked to do more with less faster than ever before. In this short course, you'll learn techniques to help you avoid spending your day in a whirlwind of activity that leaves you exhausted, yet with very little accomplished. You'll learn how to manage priorities, organize your activities, execute without delay, and take back control of your day.

Virtuel deltagelse

Et V&C Select kursus indholder nøjagtig det samme som et almindeligt kursus. Før kursusstart modtager man kursusmaterialet. Dernæst logger man på kurset via internettet og ser via sin pc den selvsamme præsentation som de øvrige deltagere, man kommunikerer via chat med underviseren og de øvrige deltagere på kurset. Denne uddannelsesmodel er både tids-og omkostningsbesparende og kan være et oplagt alternativ til almindelig klasseundervisning, hvis man f.eks. har et begrænset rejsebudget.

Målgruppe:

PMP® -certified project managers, IT project managers, project coordinators, project analysts, project leaders, senior project managers, team leaders, product managers, program managers, project sponsors, and project team members who want to continue to develop their skills and renew their PMP® certification.
