

## ISO 31000 Foundation (PECB certified) + exam

Varighed: 2 Days    Kursus Kode: IS31000F    Version: 7.0    Leveringsmetode: Virtuel deltagelse

### Beskrivelse:

The ISO 31000 Foundation training course presents the basic principles and approaches of managing risks and opportunities based on the guidelines of ISO 31000. This training course focuses on the main components of ISO 31000: basic terms and definitions, principles of risk management, risk management framework, and risk management process. In addition, each step of the risk management process is analyzed and elaborated individually.

Upon completion of the training course, you can sit for the exam and apply to obtain the "PECB Certified ISO 31000 Foundation" credential. The credential demonstrates that you understand the fundamental concepts and methodologies for risk management, based on the guidelines of ISO 31000.

### Virtual Learning

This interactive training can be taken from any location, your office or home and is delivered by a trainer. This training does not have any delegates in the class with the instructor, since all delegates are virtually connected. Virtual delegates do not travel to this course, Global Knowledge will send you all the information needed before the start of the course and you can test the logins.

### Målgruppe:

Individuals involved in risk management  
Individuals seeking to gain knowledge of risk management principles, framework, and process  
Individuals seeking to manage the risks and opportunities in their areas of responsibility  
Individuals interested in pursuing a career in risk management

### Agenda:

- Get acquainted with the concepts and principles of ISO 31000
- Understand the guidelines of ISO 31000 for risk management
- Understand the basic approaches, methods, and practices that can be used for the integration of risk management in an organization

### Forudsætninger:

■

### Test og certificering

The "PECB Certified ISO 31000 Foundation" exam complies with the requirements of the PECB Examination and Certification Program (ECP). The exam covers the following competency domains:

**Domain 1:** Fundamental principles and concepts of risk management

**Domain 2:** Risk management framework and risk management process

For specific information about exam type, languages available, and other details, please visit the [List of PECB Exams](#) and the [Examination Rules and Policies](#).

Having successfully passed the exam, you can apply for the respective credential. You will receive the certificate once you comply with all the requirements of this certification. Certification fees are included in the exam price.
