This experience provides insights into crafting contextual prompts for Copilot and engaging use case scenarios that showcase seamless integration into daily business workflows. Whether you're a business user looking to streamline tasks or a decision-maker exploring AI-driven efficiencies, this course equips you with the skills to maximize Copilot's potential in your role.

Virtuel deltagelse

Et V&C Select kursus indholder nøjagtig det samme som et almindeligt kursus. Før kursusstart modtager man kursusmaterialet. Dernæst logger man på kurset via internettet og ser via sin pc den selvsamme præsentation som de øvrige deltagere, man kommunikerer via chat med underviseren og de øvrige deltagere på kurset. Denne uddannelsesmodel er både tids-og omkostningsbesparende og kan være et oplagt alternativ til almindelig klasseundervisning, hvis man f.eks. har et begrænset rejsebudget.

Målgruppe:

This experience is designed for business professionals who want to enhance their daily workflows and productivity through AI. It is ideal for those seeking to understand and leverage Microsoft 365 Copilot to streamline tasks, improve decision-making, and drive impact in their roles and teams.
