

Artificial Intelligence (AI) for Managers including Exam

Varighed: 2 Days Kursus Kode: NLAIC-AI4B

Beskrivelse:

The NL AIC AI for Managers Certification is positioned as the standard for working professionals who wish to leverage Artificial intelligence (AI) in their business environment. Providing a solid grounding on AI good practices and establishing a common language will result in significant benefits.

Målgruppe:

The AI for Managers certification is aimed at executives, managers and professionals who wish to progress beyond basic awareness to acquire an understanding of what AI is, how it works and where it can be applied – including both benefits and risks. It is therefore ideal for people for whom the concept of AI is relatively new and who wish to become competent in AI, are considering becoming involved in the application of AI or who must make *informed* decisions about the application of AI in their business domain.

Agenda:

- The AI for Managers Certificate is achieved through an exam which demonstrates that a participant:
 - Understands the dependence AI has upon data and how to manage data for AI
 - Appreciates what AI is, why it is important now and what benefits it brings
 - Is aware of how to assess risks and ethical dilemmas for Trustworthy AI
 - Is aware of fundamental concepts such as robotics, algorithms and machine learning approaches
 - Can describe how humans and machines will coexist in an organization
 - Is aware of how to organize a team for AI, approaches and common tools required
 - Is aware of the future directions of AI
-
