

ArchiMate® Foundation - level 1

Duration: 2 Days Course Code: AM Version: 3.1 Delivery Method: Virtual Learning

Overview:

This two-day ArchiMate® Foundation Level 1 course is designed for those who want to learn about and apply ArchiMate® as a modeling language. You'll gain knowledge of the structure, key concepts and techniques of the ArchiMate® standard, and learn how to model and visualize architectures.

Upon successful completion of this course, you will be ready to take the newest ArchiMate® Foundation exam at a Pearson Vue Testing Center.

This ArchiMate® course is being run by Global Knowledge in association with Van Haren Publishing B.V. and is accredited by The Open Group.

Exam vouchers are included in the price of this course.

Virtual Learning

This interactive training can be taken from any location, your office or home and is delivered by a trainer. This training does not have any delegates in the class with the instructor, since all delegates are virtually connected. Virtual delegates do not travel to this course, Global Knowledge will send you all the information needed before the start of the course and you can test the logins.

Target Audience:

This training is suited for

- Architects
- Business Analysts
- Information Analysts
- Designers
- Product Owners
- Project leaders

Objectives:

- Understand the background, key concepts and applications of ArchiMate® Core for modeling and describing architectures
- Understand the additional layers and aspects of the ArchiMate® standard, their viewpoints and their application to core concepts
- Be able to use the ArchiMate® language and techniques to visualize and communicate architectures
- Be able to interpret the ArchiMate 3® specification correctly prior to taking the ArchiMate® 3 Foundation exam

Prerequisites:

- No specific prerequisites are required.

Testing and Certification

The exam fee is included in the course fee,

You will need about 5 to 10 hours selfstudy before making the exam.

ArchiMate® Part 1

- Multiple-choice
- 40 questions/60 minutes
- Supervised
- No Open Book

Follow-on-Courses:

- AMC - ArchiMate® Practitioner - level 2

Content:

- Definition and goals of Enterprise Architecture
 - Background to ArchiMate® development
 - Structure of the ArchiMate® language
 - Meta-model of the core concepts of ArchiMate®
 - Concepts of enterprise, application and technology architecture
 - Relationships between architecture domains
 - Modeling with ArchiMate
 - Viewpoints and views
 - Visualization of architectures
 - Tool support for ArchiMate
 - Motivation, Deployment and Migration extension of ArchiMate® and its relationship with the core concepts and the Motivation extension
 - Concepts, relationships and viewpoints of the Motivation, Deployment and Migration extension
 - Ways to extend or specialise ArchiMate®
 - Relationship of ArchiMate® to other architecture frameworks
 - Examination for ArchiMate® Foundation Certification
-
