

ISO 22301 Foundation (PECB certified) + exam

Duration: 2 Days Course Code: IS22301F Version: 4.0

Overview:

This 2-day ISO 22301 Foundation training course is designed to help participants understand the fundamental concepts and principles of a business continuity management system (BCMS) based on ISO 22301. By attending this training course, participants will learn more about the structure and requirements of the standard including the BCMS policy, the top management's commitment, internal audit, management review, and continual improvement process.

After attending the training course, you can sit for the exam and, if you successfully pass it, you can apply for the "PECB Certified ISO 22301 Foundation" credential. A PECB Foundation certificate shows that you have knowledge on the fundamental concepts, principles, methodologies, requirements, framework, and management approach used in business continuity

Target Audience:

Individuals involved in business continuity
Individuals seeking to gain knowledge about the main processes of business continuity management systems (BCMS)
Individuals interested to pursue a career in business continuity

Objectives:

- Acknowledge the correlation between ISO 22301 and other standards and regulatory frameworks
- Understand the concepts, approaches, methods, and techniques used for the implementation and management of a BCMS
- Understand the components and the operation of a BCMS based on ISO 22301 and its principal processes

Prerequisites:

■

Testing and Certification

The "PECB Certified ISO 22301 Foundation" exam complies with the PECB Examination and Certification Program (ECP) requirements. The exam covers the following competency domains:

- **Domain 1:** Fundamental principles and concepts of a business continuity management system (BCMS)
- **Domain 2:** Business continuity management system (BCMS)
- For specific information about exam type, languages available, and other details, please visit the [List of PECB Exams](#) and the [Examination Rules and Policies](#).

Content:

Day 1: Introduction to business continuity management system (BCMS) and ISO 22301

Day 2: Business continuity management system and certification exam

Additional Information:

Certification fees are included in the exam price. Participants will be provided with the training material containing over 200 pages of explanatory information, discussion topics, examples, and quizzes. An attestation of course completion worth 14 CPD (Continuing Professional Development) credits will be issued to the participants who have attended the training course. In case candidates fail the exam, they can retake the exam within 12 months following the initial exam for free.
