

ISO/IEC 27002 Information Security Controls Manager (PECB Certified) - Including Exam

Duration: 3 Days Course Code: ISO27002M

Overview:

ISO/IEC 27002 Manager training course provides information on the implementation and management of information security controls based on ISO/IEC 27002.

ISO/IEC 27002 Manager enables participants to acquire the necessary knowledge and skills to support an organization in selecting, implementing, and managing information security controls based on ISO/IEC 27002. The training course provides information that will help participants in gaining a thorough understanding of how information security risks can be treated by selecting relevant controls, especially in the context of an information security management system (ISMS).

A PECB ISO/IEC 27002 Manager certification will enable you to demonstrate your comprehensive knowledge in the implementation and management of information security controls based on industry best practices.

Target Audience:

This training course is intended for:

- Managers involved in the implementation of an information security management system (ISMS) based on ISO/IEC 27001
- IT professionals and consultants seeking to enhance their knowledge in information security
- Members of an ISMS implementation or information security team
- Individuals responsible for information security in an organization

Objectives:

- **By successfully completing this training course, you will be able to:**
- Explain the fundamental concepts of information security, cybersecurity, and privacy based on ISO/IEC 27002
- Discuss the relationship between ISO/IEC 27001, ISO/IEC 27002, and other standards and regulatory frameworks
- Support an organization in effectively determining, implementing, and managing information security controls based on ISO/IEC 27002

Prerequisites:

- The main requirements for participating in this training course are having a fundamental understanding of ISO/IEC 27002 and comprehensive knowledge of information security.

Testing and Certification

The "PECB Certified ISO/IEC 27002 Manager" exam meets all the requirements of the PECB Examination and Certification Program (ECP). It covers the following competency domains:

- **Domain 1:** Fundamental principles and concepts of information security, cybersecurity, and privacy
 - **Domain 2:** Information security controls based on ISO/IEC 27002
- After successfully completing the exam, you can apply for the credentials shown below. You will receive a certificate once you comply with all the requirements related to the selected credential.

The requirements are as follows:

PECB Certified ISO/IEC 27002 Provisional Manager

- Exam: PECB Certified ISO/IEC 27002 Manager exam or equivalent
 - Professional experience: None
 - ISM experience: None
 - Other requirements: Signing the PECB Code of Ethics
- PECB Certified ISO/IEC 27002 Manager

- Exam: PECB Certified ISO/IEC 27002 Manager exam or equivalent
- Professional experience: Two years, including one year of work

- experience in Information Security Management
 - ISM experience: Information Security Management activities totaling 200 hours
 - Other requirements: Signing the PECB Code of Ethics
- The information security activities should follow best implementation and management practices and include the following:**
- Drafting an ISMS implementation plan
 - Managing an information security implementation project
 - Implementing information security processes
 - Selecting and implementing information security controls

Content:

Day 1: Introduction to ISO/IEC 27002

Day 2: Information assets, people controls, physical controls, and operational security controls

Day 3: Information security incident management and monitoring of information security controls and certification exam

Additional Information:

Educational approach

- This training is based on both theory and best practices used in the implementation and management of information security controls.
- Participants are encouraged to communicate and discuss with each other while partaking in exercises and quizzes.
- The structure of quizzes is similar to that of the certification exam.

General Information

- Certification fees and examination fees are included in the price of the training course.
 - Participants will be provided with training material containing over 350 pages of information and practical examples.
 - An attestation of course completion worth 21 CPD (Continuing Professional Development) credits will be issued to the participants who have attended the training course.
 - Candidates who have completed the training course but failed the exam are eligible to retake it once for free within a 12-month period from the initial date of the exam.
-
