

ISO/IEC 27701 Privacy Information Management System Lead Auditor (PECB Certified) - Including Exam

Duration: 4 Days **Course Code: ISO27701LA** **Delivery Method: Company Event**

Overview:

The ISO/IEC 27701 Lead Auditor training course is designed to support the development of skills needed to audit a privacy information management system (PIMS) based on ISO/IEC 27701:2025 by applying widely recognized audit principles, procedures, and techniques. During this training course, participants will learn to plan and carry out audits in compliance with ISO 19011, ISO/IEC 17021-1, and ISO/IEC 27706. Additionally, participants will acquire knowledge on audit techniques and become competent to manage an audit program. Most importantly, this training course provides guidance on auditing the clauses of ISO/IEC 27701:2025, as well as the privacy controls for PII controllers and PII processors. It explains how to evaluate their implementation and effectiveness, as well as how to assess the organization's ability to maintain, monitor, and continually improve its PIMS. After completing this training course, you can sit for the exam and, if you successfully pass the exam, you can apply for the "PECB Certified ISO/IEC 27701 Lead Auditor" credential. The internationally recognized PECB Lead Auditor certificate proves that you have the capabilities and competences to audit organizations based on best practices.

Company Events

These events can be delivered exclusively for your company at our locations or yours, specifically for your delegates and your needs. The Company Events can be tailored or standard course deliveries.

Target Audience:

This training course is intended for:

- Auditors seeking to perform and lead PIMS certification audits
- Managers or consultants seeking to master a PIMS audit process
- Individuals responsible for maintaining conformance with PIMS requirements
- Technical experts seeking to prepare for a PIMS audit
- Expert advisors in the protection of PII

Objectives:

- **By the end of this training course, participants will be able to:**
- Explain the fundamental concepts and principles of a privacy information management system (PIMS) based on ISO/IEC 27701
- Interpret the ISO/IEC 27701 requirements for a PIMS from the perspective of an auditor
- Evaluate the PIMS conformity to ISO/IEC 27701 requirements, in accordance with the fundamental audit concepts and principles
- Plan, conduct, and close an ISO/IEC 27701 compliance audit, in accordance with ISO/IEC 17021-1 requirements, ISO 19011 guidelines, and other best practices of auditing
- Manage an ISO/IEC 27701 audit program

Prerequisites:

- A fundamental understanding of information security and privacy and a comprehensive knowledge of audit principles are required to attend this training course.
- ISO27701F - ISO/IEC 27701 Privacy Information Management System Foundation (PECB Certified) - Including Exam

Testing and Certification

The "PECB ISO/IEC 27701 Lead Auditor" exam fully meets the PECB Examination and Certification Program (ECP) requirements. It covers the following competency domains:

- **Domain 1:** Fundamental principles and concepts of a privacy information management system
- **Domain 2:** Privacy information management system requirements
- **Domain 3:** Fundamental audit concepts and principles
