

ISO 9001 Quality Management System Lead Implementer (PECB Certified) - Including Exam

Duration: 4 Days Course Code: ISO9001LI Delivery Method: Virtual Learning

Overview:

The PECB ISO 9001 Lead Implementer is a five-day training course that aims to help you develop the competence necessary to establish, implement, operate, maintain, and continually improve a QMS. This training course aims to equip you with in-depth knowledge on ISO 9001 requirements, as well as the best practices and approaches used for the implementation and subsequent maintenance of a QMS. By attending this training course, you can help organizations utilize a structured and evidence-based approach for managing the quality of their products and services. Apart from this, you will also learn about the importance of customer focus and benefits of setting the foundations of an organizational culture which enables and supports quality. The training course is followed by a certification exam. If you pass, you can apply for the "PECB Certified ISO 9001 Lead Implementer" credential. UKAS accredited and internationally recognized, the "PECB ISO 9001 Lead Implementer" certificate validates your competence to implement a QMS based on the requirements of ISO 9001.

Virtual Learning

This interactive training can be taken from any location, your office or home and is delivered by a trainer. This training does not have any delegates in the class with the instructor, since all delegates are virtually connected. Virtual delegates do not travel to this course, Global Knowledge will send you all the information needed before the start of the course and you can test the logins.

Target Audience:

The ISO 9001 Lead Implementer training course is intended for:

- Personnel responsible for maintaining and improving the quality of the products and services of the organization
- Personnel responsible for meeting customer requirements
- Consultants, advisors, professionals wishing to obtain in-depth knowledge of ISO 9001 requirements for a QMS
- Professionals wishing to acquaint themselves with PECB's IMS2 Methodology for implementing a QMS
- Individuals responsible for maintaining the conformity of QMS to ISO 9001 requirements
- Members of QMS implementation and operation teams
- Individuals aspiring to pursue a career in quality management

Objectives:

- By the end of this training course, the participant will be able to:
- Explain the fundamental concepts and principles of a quality management system (QMS) based on ISO 9001
- Interpret the requirements of ISO 9001 for a QMS from the perspective of an implementer
- Initiate and plan the implementation of a QMS based on ISO 9001, by utilizing PECB's IMS2 Methodology and other best practices
- Support an organization in operating, maintaining, and continually improving a QMS based on ISO 9001
- Prepare an organization to undergo a third-party certification audit

Prerequisites:

- The main requirements for participating in this training course are a basic knowledge of ISO management system standards, overall knowledge of ISO 9001, and the MS implementation principles. An understanding of ISO's quality management principles may also facilitate the learning process.

Testing and Certification

The "PECB Certified ISO 9001 Lead Implementer" exam fully meets the requirements of the PECB Examination and Certification Programme (ECP). It covers the following competency domains:

- **Domain 1:** Fundamental principles and concepts of a quality management system
- **Domain 2:** Initiation of a QMS implementation
- **Domain 3:** Planning of a QMS implementation based on ISO 9001
- **Domain 4:** Implementation of a QMS based on ISO 9001
- **Domain 5:** Monitoring and measurement of a QMS based on ISO 9001
- **Domain 6:** Continual improvement of a QMS based on ISO 9001

■ **Domain 7:** Preparation for a QMS certification audit
Upon the successful completion of the exam, you can apply for one of the credentials shown in the table below. You will receive a certificate once you fulfill all the requirements related to the selected credential.

The credentials in the PECB ISO 9001 certification scheme have the following requirements:
