

Palo Alto Networks: Prisma Browser

Duration: 1 Day **Course Code: PAN-PAB** **Delivery Method: Virtual Learning**

Overview:

The Prisma Browser, formerly Prisma Access Browser, course introduces you to the operational deployment of Prisma Browser and how it helps organizations meet the needs of the modern workforce by providing cloud-based network connectivity and security services. This course will enable you to deploy, configure, maintain, and troubleshoot Prisma Browser using Strata Cloud Manager. The course is intended for professionals in cybersecurity and public-cloud security, as well as general network-security professionals who want to learn how to secure the last mile through a secure enterprise browser.

Virtual Learning

This interactive training can be taken from any location, your office or home and is delivered by a trainer. This training does not have any delegates in the class with the instructor, since all delegates are virtually connected. Virtual delegates do not travel to this course, Global Knowledge will send you all the information needed before the start of the course and you can test the logins.

Target Audience:

This course is intended for Security Engineers, Security Administrators, Security Operations Specialists, Security Analysts, and Network Engineers.

Objectives:

- Successful completion of this one-day, instructor-led course will help enhance your understanding of how to better secure internet and private applications using a secure enterprise browser.
- In a lab environment, you will get hands-on experience configuring, managing, and troubleshooting Prisma Browser via Strata Cloud Manager.

Prerequisites:

Participants should have a basic knowledge of cloud computing and the public cloud and experience with networking concepts, including routing, switching, and IP addressing.

In addition, participants should complete the following prerequisites to be optimally prepared for the course:

- Prisma Access (Strata Cloud Manager) digital learning paths
- (Recommended) Firewall Essentials: Configuration and Management or equivalent experience.
- PAN-EDU-210 - Palo Alto Networks: Firewall Essentials: Configuration and Management (EDU-210)

Testing and Certification

Related certifications:

- [Palo Alto Networks Certified Security Service Edge Engineer](#)

Follow-on-Courses:

- None

Content:

Module 1 - Prisma Access Browser Overview

Module 3 - Policy

Module 5 - Prisma Access Browser Extension

Module 2 - Architecture

Module 4 - Monitoring, Logging, and
Troubleshooting

■ Module 6 - Prisma Access Browser Mobile
