

Cisco Customer Success Manager

Duración: 3 Días **Código del Curso: DTCSM** **Version: 2.2**

Temario:

The Cisco Customer Success Manager course gives you the confidence and competence to fulfil the Customer Success Manager (CSM) role successfully, helping your customers realize value from their solutions and achieve their business outcomes. The course offers experiential learning through practical exercises using situations based on real-life use cases and case studies. In this highly interactive course, you can practice and gain confidence in fulfilling core tasks using best-practice tools and methodologies while receiving feedback from the facilitator and your peers.

This course is based on the concept of the customer lifecycle and how to optimize that journey, increasing the value realized by the customer, and maximizing your likelihood to maintain their loyalty and renew or expand their business opportunities. This course prepares you for the Cisco Customer Success Manager Specialist certification exam.

This specialist-level course focuses on enabling you to: Develop skills and knowledge around the increasingly crucial CSM role, which drives organizational and business outcomes from technology solutions in customer engagements: Understand key concepts and terminologies related to the CSM role.

Dirigido a:

Individuals preparing for the Cisco Customer Success Manager Specialist certification and individuals who have experience working with customers to determine, measure and deliver business outcomes through the implementation of technology.
