

Data & AI Strategy: From Roadmap to Implementation

Duración: 2 Días Código del Curso: GK-AIS Método de Impartición: Curso Cerrado (In-Company)

Temario:

This 2-day workshop is your ticket to launching a solid data and AI strategy at your organization.

On the first day, you'll learn how to sketch out a roadmap, and build a strong foundation. You'll learn about Data & AI Strategy fundamentals, craft the essentials, and devise a strategic roadmap during engaging sessions and hands-on workshops.

On the second day, we'll teach you how to take initial implementation steps, engage stakeholders effectively, derive actionable insights, and plan ahead for future strides through immersive workshops and practical session. We'll also dive into using AI tools like ChatGPT to boost business efficiency.

After this training, you'll be equipped to get started right away!

Curso Cerrado (In-Company)

Debido a que nuestra formación es modular, nuestros responsables de formación e instructores pueden trabajar con usted y su equipo para detectar las necesidades formativas y adaptar un temario de forma rápida y rentable. Durante una formación cerrada, usted recibirá una formación de expertos en un curriculum adaptado a sus necesidades.
