

ISO/IEC 27001 Fundamentos (Certificado PECB) + exam

Duración: 2 Días **Código del Curso: ISO27001F** **Version: 6.3** **Método de Impartición: Curso Cerrado (In-Company)**

Temario:

ISO/IEC 27001 Foundation training allows you to learn the basic elements to implement and manage an Information Security Management System as specified in ISO/IEC 27001. During this training course, you will be able to understand the different modules of ISMS, including ISMS policy, procedures, performance measurements, management commitment, internal audit, management review and continual improvement.

After completing this course, you can sit for the exam and apply for the "PECB Certified ISO/IEC 27001 Foundation" credential. A PECB Foundation Certificate shows that you have understood the fundamental methodologies, requirements, framework and management approach.

Please Note:

Lecture sessions are illustrated with practical questions and examples

Practical exercises include examples and discussions

Practice tests are similar to the Certification Exam

Certificate and examination fees are included in the price of the training course

Training material containing over 200 pages of information and practical examples will be distributed

An Attestation of Course Completion certificate worth 14 CPD (Continuing Professional Development) credits will be issued to the participants who have attended the training course

In case of exam failure, you can retake the exam within 12 months for free

Curso Cerrado (In-Company)

Debido a que nuestra formación es modular, nuestros responsables de formación e instructores pueden trabajar con usted y su equipo para detectar las necesidades formativas y adaptar un temario de forma rápida y rentable. Durante una formación cerrada, usted recibirá una formación de expertos en un curriculum adaptado a sus necesidades.
