

ITIL® 4 Practitioner: Change Enablement - Including Exam

Duración: 1 Día **Código del Curso: ITIL4P-PIC-CE** **Método de Impartición: Curso Remoto (Virtual)**

Temario:

This 1-day ITIL® 4 Practitioner: Change Enablement module focuses on providing the candidates with the understanding of the key concepts, principles, value and challenges of the Change Enablement Practice. It is intended to provide candidates with best practice guidance on how to maximize the number of successful service and product changes by ensuring that risks have been properly assessed, authorizing changes to proceed, and managing the change schedule.

The ITIL 4 Change Enablement Practice module is structured and aligned around the ITIL framework. The examination is intended to assess whether the candidate can demonstrate sufficient understanding and application of the concepts covered in the ITIL 4 Change Enablement Practice publication.

Virtual Learning

This interactive training can be taken from any location, your office or home and is delivered by a trainer. This training does not have any delegates in the class with the instructor, since all delegates are virtually connected. Virtual delegates do not travel to this course, Global Knowledge will send you all the information needed before the start of the course and you can test the logins.
