Updated 10/6/2026

Dirigido a:

ITIL® 4 certification holders, at any level, who want a quick and easy way to understand the key enhancements in ITIL® (Version 5) Foundation.

Objetivos:

- **After you complete this course you will be able to:**
- Define digital product and service management concepts
- Explain value and value co-creation principles
- Distinguish outputs from outcomes
- Describe service offerings and interactions
- Identify key roles in service relationships
- Understand the ITIL® Four Dimensions
- Describe the ITIL® Product and Service Lifecycle
- Recognise governance, AI and continual improvement principles

Prerequisitos:

You can attend this course if you have:

- Any ITIL® 4 certificate (excluding Cloud / Sustainability).
- ILFN4 - ITIL® 4 Foundation - Incluido el examen

Exámenes y certificación

Recommended preparation for exam(s):

- ITIL® 5 Foundation Certificate in IT Service Management (Bridge Exam)

The examination is 30 minutes, closed book, multiple choice paper taken after completion of the course - exam vouchers are provided with this course. This is a shorter exam as it only focuses on the changes between Version 4-5. The voucher will have a validity of 12 months. You will need to schedule your exams within this time frame. Cost of the exam is included in the course fee
